

HOW TO REPLACE A KIZU ACRYLIC SHADE!

1. Lay down the marble base on a soft ground with the acrylic shade hanging over the edge of the table. Make sure the lamp can't move.

2. Remove the silicon pad from the bottom of the marble base. Loosen the plastic clip on the cord 5 cm.
3. Go to the top of the lamp and screw the socket of. Split the socket in two, and separate the cord from it

4. Remove the rest of the damaged shade and replace it with the new one. Mount the socket on to the cord again and screw it back on to the marble base.

5. Lay down the marble base on a soft ground again with the acrylic shade hanging over the edge of the table. And make sure the lamp can't move.

Tighten the plastic clip again and place the silicon pad back on the bottom of the marble base.
