

## Pebble

design Lanzavecchia + Wai

Writing desk/Vanity, available with or without mirror, with monoblock top composed of a bevelled top in MDF lacquered matt black or covered in leather, in mirror glass or marble; the marble version provides a satin finish and an opaque transparent protective varnish. On request is also available with glossy polyester finish.

Lower edge of the top in MDF covered in black leather; bottom in matt black lacquered MDF to which are fixed centering plates, with conical pilot-hole, for fixing the base.

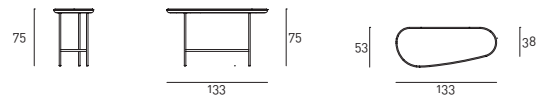

Tubular steel base Ø20 mm, with 25x6 mm section joining crosspieces, lacquered with epoxy powder coating gunmetal grey colour. All top versions are fixed to the base by tie rods, and floor support secured by black PVC feet.

Rotating mirror, contoured according to design and glued on a MDF panel covered in black leather, fixed to a pivot-joint bonded to a Ø20 mm tubular steel, inserted in the top.

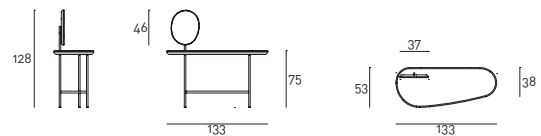

Drawer unit with three open compartments, in matt black lacquered MDF, fixed to a Ø20 mm steel round support lacquered with epoxy powder coating gunmetal grey colour, with lower-end that slots through a contoured recess in the steel crosspieces, while the upper-end insets with conical pilot-hole in the bottom of the top.

Removable drawers covered in black leather.
