# APEX LAMP COLLECTION
DESIGN BY JOHN TREE, 2023

Taking cues from the classic Banker's Light, British designer John Tree merged archetypal references with his contemporary, colourful sensibility to create the Apex Lamp collection. The folded steel shades create a peaked roofline silhouette, providing the inspiration behind the series' name as well as offering a graphic contrast to the chrome-plated bases.

The series comprises the Clip Lamp, Desk Clip Lamp, Desk Lamp, and Table Lamp, with the different models covering a multitude of spaces and uses, from the workspace to the bedroom and everywhere in between. All variants are available in different colour options.
