CONTENT

- Ceiling lamp fitted with canopy & wall bracket
- 2 x screws (for mounting the lamp with the wall bracket)
- 1 x Hex / Allen key (to tighten the pinol canopy)
- White gloves (Wear when installing the brass and nickel-plated brass version, to avoid dark marks on the product).

SPARE PART NEEDED

- Bulb Type: LED GU10

INSTRUCTIONS

- Please read the instructions carefully before commencing assembly.
- Installation should be carried out in accordance with local safety regulations.
- Do not change the lightbulb while the fixture is switched on.
- The lamp is intended for indoor interior use only.
- In order to prevent damage, please check walls for cables before drilling holes.

MOUNTING

Surface installation (ceiling). Mounted directly to finished surface with the fixture enclosing a recessed circular junction box.

MATERIALS

Brass is a natural material that develops a unique patina over time, enhancing its character. Exposure to air and humidity will cause brass to oxidize and discolor, which adds to its distinctive charm.

Due to the handcrafted process, each lamp may have slight variations, adding to its uniqueness.

CARE GUIDE

This product is made from solid brass. For routine cleaning, gently wipe with a soft, dry cloth. Avoid using sponges, polishing creams, or abrasive cleaners. To maintain the brightness and remove spots and stains from the solid brass version, we recommend using our Brass Care Kit.

Step 1

To unfasten the wall-bracket from the canopy carefully turn it clockwise until it is released.

Step 2

Drill the holes with a distance of 39 mm. for the bracket, and use the correct type of screw and plug for the type of wall. Tighten the screws and ensure the bracket is safely fixed in place.

Step 3

Place the canopy over the wall-bracket. Align the canopy on the bracket by carefully turning it anti-clockwise until it is fixed in place.

Step 4

Carefully tighten the pinol with the included Hex / Allen key. Ensure not to over-tighten the pinol as it may cause damage to the product.

Step 5

Install the LED bulb firmly by pushing it upwards and carefully turn clockwise until it is fixed in place.

Step 6

Place the canopy over the wall-bracket. Align the canopy on the bracket by carefully turning it anti-clockwise until it is fixed in place.
