

All Skin Types

Resurrection rinse-Free Hand Wash

This alcohol-based gel formula kills bacteria upon contact, making it ideal for combating contagions whether on short commutes, long-haul trips or while braving the outdoors.

How does it work?

The mild sugar-cane derived alcohol in Resurrection Rinse-Free Hand Wash kills more than 99.9% of bacteria on contact with the skin. The addition of superior moisturising agents (both humectant and emollient) serve to maintain the skin's moisture content,

Mandarin Orange Peel Oil – cold-pressed, disinfects

Rosemary Leaf Oil – steam-distilled, hydrating and antiseptic

Cedarwood Bark Oil – bark extracted oil, antifungal and disinfecting
