

NEU 10

PRODUCT FACT SHEET

NEU 10

DESIGN BY HAY, 2013

Neu's ergonomically moulded shell combined with its cast swivel base results in a perfectly defined profile. The durable, finely-grained plastic adds textural interest, while the rim detail gives the design structure and character. In the upholstered version, a delicate stitching line runs across the seat and the piping detail accentuates the chair's raised rim. Its functional and comfortable construction and flexible design options makes it the perfect choice for offices or dining rooms.

HIGHLIGHTS

- Robust and comfortable chair in a variety of shell colours and base finishes.
- Variety of shell colours and base finishes.
- Available with plastic shell and swivel base (Neu 10) and full upholstery in a large selection of fabrics and leathers.
- The chair is also available with solid oak legs (Neu 12 & Neu 13).
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

DIMENSIONS

WIDTH 46 CM

DEPTH 52,5 CM

HEIGHT 82 CM

SEAT HEIGHT 46 CM

SEAT DEPTH 40 CM

MATERIALS

SHELL

Injection moulded solid-coloured polypropylene shell.

BASE

4 star swivel base in cast aluminium.

GLIDER

Plastic. Standard on all variants. Suitable for all floorings that are not too sensitive.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
