design mist-o

Bedside table composed of two semi-cylinders in multilayer curved natural or Charcoal dyed oak 7mm thick, with water-based acrylic paint finish. Base, shelves and top in 15mm thick MDF veneered with oak plates. Weight stabilizer screwed to the fix base and black plastic feet; moving part equipped with castors for opening. The two portions are hinged together, and magnets inside the structural frame ensure sturdy closure. Available in right and left version.
